

Nina Nasim Tahmasebi

Name: Nina Nasim Tahmasebi
Title: M.Sc. in Engineering Mathematics
Date of birth: 29th October 1982
Gender: Female
Nationality: Swedish
Address: L3S, Appelstr. 4, DE-30167 Hannover, Germany
E-mail: tahmasebi@l3s.de

Education and Training

Chalmers University of Technology, (CH) 2006–2008

Masters program in Engineering Mathematics

Title of thesis: "Improving Web Recommendation Systems using Hierarchical Text Classification Methods"

Göteborg University, (UG) 2003–2007

Bachelors program in Applied Mathematics and Mathematical Statistics.

Title of thesis: "Isolating Subgraph Algorithm, An approach to Personalized Search Engines"

Chalmers University of technology, 2003–2001

Electrical Engineering

Porthälla Gymnasium 2001-1998

High school diploma in Natural science and Engineering

Work experience

2008-ongoing L3S Research Center, Leibniz Universität Hannover

Ph.D. student at L3S working on an European Union Project called Living Web Archives, Liwa. *http* :
//www.liwa - project.eu/

2007– Aug-Oct Chalmers University of Technology

Teaching assistant for a basic course in Mathematics at Chalmers Lindholmen

2007– Aug Chalmers University of Technology

Teacher for a group of 10 students where I planned and gave lectures as well as exercise sessions in the course "Introduction to mathematics".

2007– June-Aug Chalmers University of Technology

Teacher for the summer course in "Introduction to mathematics"

2007– Mar-May Chalmers University of Technology

Teaching lessons in "Matematisk Statistik för K", working 60%

2006– Jan-Feb Porthälla Gymnasium

Teacher in 12th grade mathematics and physics. I was in charge of planning and giving lessons, making, correcting and grading exams.

2006– occasionally, school of Furulund

Substitute teacher in science and mathematics at the elementary school of Furulund.

2006-2005

Private teacher for upper secondary school students in mathematics and physics.
